

ROYAL OIL CO.

SPECIALTY LUBRICANTS

AEROSOL OPEN GEAR & CHAIN

Powerful & Convenient Aerosol Lubricant

Penetrates Pins/Plates

Contains Moly

Excellent Wear Protection

Adhesive/Coats Metal

Versatile/Easy to Apply

Extends Gear/Chain Life

“As one of our top products, its ease of application and effectiveness are key reasons why. In addition the versatility this product offers our customers is superior to what a number of different aerosols can offer.”

AEROSOL OPEN GEAR & CHAIN is described perfectly by its name, offering the power of a quality oil and molybdenum disulfide in the palm of your hand.

Excellent for coating metal surfaces in a variety of open gear applications, as the adhesive texture and moly offer load protection and protection from rust, corrosion, and pitting.

It may be the performance in chain applications where popularity grew so quickly. Chains offer more harsh lubricating points than most realize and require an oil that can penetrate, protecting plates, pins, and their contact points. Troublesome and costly to replace, protecting chain life and improving performance offers tremendous value.

AEROSOL OPEN GEAR & CHAIN

Product Specifications

| | |
|---------------------------|---------------|
| Gravity, API at 60 °F. | 28-30 |
| Flash Point, °F., COC | 400-420 |
| Fire Point, °F., COC | 445-465 |
| Viscosity at 100 °F., SUS | 590-630 |
| Viscosity at 210 °F., SUS | 64-69 |
| ASTM– Pour Point, °F. | 10 |
| Color | Gray/Black |
| Specific Gravity at 60°F | 0.8871-0.8762 |
| Molybdenum Disulfide | Present |

CAUTION: Contents under Pressure! Flammable! Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperature above 120°F may cause bursting.

CONTAINS: Propane-Butane

KEEP OUT OF THE REACH OF CHILDREN

Sharing lubricant knowledge and delivering the highest quality products, two things we promise our customers. The difference will change how you view, purchase and utilize greases and oils from here forward.
